

Nazeing Parish Council Precept 2020/21

Statement regarding Precept for 2020/21

Tax band D is increasing by £13.19, this equates to just over a £1 per month.

The Precept for Nazeing Parish Council went up by £10k last year and this year by £30k, however, it has not increased significantly since 2009/10. It now brings Nazeing in line with other Councils with a similar sized population. The increase should be seen as an investment in the Nazeing community.

One example of costs met by the Parish Council is street lighting. Providing and maintaining Parish owned street lights in Nazeing costs over £10,000 annually.

There are 3 main areas that the Council has increased the budget for 2020/21 which are:

- to employ an additional member of staff (and associated costs),
- to improve the play areas/fencing in some areas of the parish and
- for the VE Day event.

Lorraine Ellis

Mrs Lorraine Ellis

Clerk to Nazeing Parish Council
